MERCEDES
2022 V1

Lastar Automotive is a worldwide supplier of automotive parts and accessories for the global commercial vehicle market. Lastar products are the kind of premium products you would expect from a market-leading manufacturer with years of experience. We offer our customers more than 50,000 products in 45 different main groups, in sustainable quality with innovation and continuous improvement.

As a global company, we understand the importance of our actions in order to maximize the reliability and high-quality products we bring to market, exceeding expectations even further. Sustainability is part of our corporate culture,

Lastar wants to be a critical part of the supply chain for trucks and trailers, fire and rescue vehicles, buses and military fleets that keep the world moving.

We recognize the power of collaboration to help us achieve our goals in this important area. As part of this strategic transformation, we are focused on developing alternative solutions and investing in technology.

We prepare ourselves for the future for the after-sales market. The LA System we created is integrated with all departments, so we believe that we will be a supplier that can provide the fastest possible service.

Product tests, supported by our experience and technology are the guarantee of your commitment to first class products.

Lastar draws its strength from quality control.

It is indispensable to anticipate the most advanced quality expectations, to catch them and to make them sustainable.

Our innovative quality team subjects all products to high quality standards and rigorous high quality tests,

Teamwork is our way of doing business.

We believe in the success of this, we trust our employees and respect their opinions. Shared goals and shared values are the keys to our lasting success.

Now and always with La
